

**April 26, 2014, National Prescription Drug Take Back Day
Administrator PSA**

**I'm Michele Leonhart, Administrator of the Drug Enforcement
Administration.**

**Since our first national prescription drug take-back day three years
ago, you've helped us keep more than 1700 tons of unneeded or
expired medications off our streets.**

**Now, I'm asking for your help again...on Saturday, April 26, the DEA
and our partners will man collection sites across America, so you can
safely turn in your unwanted or unused pills.**

Visit DEA.gov to find a location near you.
